Reff No.SC-16BSM170624

Date: 24-Jun-17

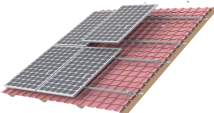

6500W HYBRID Solar Power System

Item No. BSM6500-HY

Capacity 6500W

Daily power consumption 18.33-19.63 k.w.h/day under peak sun hour of 2.82-3.02 hours in Denmark

Solar Panel Layout **20 panels per string, 1 string totally**

Item	Article	Picture	Description	Quantity	Unit Price	Amount (USD)
1	BSM325P (Poly 325w solar panel) Application Class: A		Voltage: 36V Weight: 24KG Dimension: 1956*992*40mm Warranty: 10 years for total 25 years for 80% output power	20	\$113.75	\$2,275.00
2	5kw hybrid solar inverter		Output voltage: AC 220/230/240V MPPT work voltage: 250V-850V Size: 204*460*600mm Weight: 29kg Warranty: 3 years	1	\$1,885.00	\$1,885.00
3	Solar Battery		deep cycle free maintenance 12V, 250AH Size: 522*269*219mm Weight: 69kg Warranty: 3 years	4	\$238.00	\$952.00
4	PV Cable		PV 4mm2 Warranty: 10 years	300	\$1.00	\$300.00
5	MC4 Connector		Rated current: 30A Rated voltage: 1000VDC	8	\$1.50	\$12.00
6	Rooftop Mounting System Optional: Ground installation Warranty: 15 years	 				\$780.00

Total 1 Set FOB Shanghai Cost
(Voulme \approx 3.22 CBM Gross weight \approx 1175.6 kg)

\$6,204.00

Remarks:

Price basis: USD/unit, FOB Shanghai term

Payment terms: T/T, Alibaba Trade Assurance, Western Union, Paypal, Credit Card, etc.

Delivery time: 15 working days upon receiving payment

Quote Validity: 15 days from quoting date

Package: Standard export package, Composite material box
